

Statement of desire to have Lot #2 be purchased collectively so that the local and national communities can continue to use and access the new land.

The local community has expressed a desire that Lot #2 be made available for use by the local community, guests of the Retreat Center and the national communities. Otherwise there will be limited or no access to the new lands.

- **Possible uses** could include: agriculture, organic vegetable gardens, sheep raising, medicinal herb gardens, orchards and the like. Also facilities for workshop and classes could be built on this parcel
- **Ownership options:**
 - Beloveds could join together and purchase the parcel together and donate it to SSC, form some form of land trust or other such arrangement
 - A beloved or beloveds could purchase Lot #2 and make a long term lease of the two fields and barn to the community.
 - Others option not thought of so far
